

## **Dark feelings** By Johnkev

Quake in heart, troubles in head  
Losing sanity, going insane  
Gaining sight, blurred vision  
Troubles loom, peak of madness  
Hate inside, nobody knows

Journey in miles, no destination  
Seated in train, stagnant on motion  
Burden neck, like a knit tie  
Knot of grips, den of bondage  
Written wrinkles, face of regret  
Languishing, marks of survival

Broken roof, naked on bricks  
Open heart, broken scar  
Wounded wither thy wary body  
Skeleton films in clothing's  
Drown in tears, washed by the rain  
Feeling wasted, nobody knows

Million trusts fallen broken  
Promises of love now ended  
Broken pieces, heart of shapes  
Walks together, apart in families  
Clone of shapes, disguise in cycles  
Hidden pains, broken spirit....Still;

likely a wanderer, swiftly seen  
Clothed in linens, tattered uniform  
Search for pasture on fallow land  
Impoverish, rattling for hunger  
A warm smirk! Conceal depression  
Conceive thy scripture; Hope on God  
Still and anon.....Nobody knows.
